

POLICY FOR SCIENTIFIC MISCONDUCT

Doctors For You (DFY) scientific evaluation committee defines the following types of misconducts as scientific misconduct.

- 1) FABRICATION
- 2) FALSIFICATION
- 3) PLAGIARISM
- 4) GHOST WRITING
- 5) MANIPULATION

The authors and co – authors or concerned head of the project are responsible and should make sure that there is no misconduct. If anyone suspects misconduct it is reported in writing to the Chairman of the scientific evaluation committee.

The Scientific Evaluation Committee then investigates and reports to the President who takes appropriate actions including blacklisting of the Author & Co-authors or head of the project for any future research work with the organisation.

***Approved & adopted by the Doctors For You Governing body and effective from 1st April 2016.**
