

Follow The Prescribed Process For Vaccination

1. Register On CO-Win System using valid photo ID

2. Beneficiary will receive the SMS for registration, details of the first dose of vaccination, details of second dose of vaccination and on completion of 2nd dose vaccination along link for a digital certificate

3. On the vaccination site, at the entry point vaccination officer will check the registration and verify Photo ID.

4. Once verified, the office will check the details on Co-Win System

5. Vaccinate officer will vaccinate the beneficiary, following vaccination the beneficiary has to wait for 30 mins under observation area.

6. Now the beneficiary has to come for second dose of vaccination as per the SMS received.

COVID-19 UPDATES

Recent Updates on Covid19

1. Ready for vaccination within 10 days of approval: Ministry

The Union Health Ministry said on Tuesday that stakeholders at the Centre and states were prepared to roll out the mass immunisation programme against Covid-19 within 10 days of the vaccines getting approval.

2. India reports under 300 new Covid-19 deaths for nearly 2 weeks

“There is a steady decline in the number of daily deaths recorded in the country. The effective strategy of containment including prompt tracing and tracking, aggressive and widespread testing, combined with standardised clinical management protocols have ensured the low mortality levels.

3. COVID-19 vaccine dry run to be held in 33 states, UTs on 8th Jan,2021, says Harsh Vardhan

Coronavirus vaccines 'Covishield' and 'Covaxin' are on the verge of being available in the country. Our efforts are to ensure seamless last mile delivery of the vaccine," Union Health Minister Harsh Vardhan said on Thursday

Fewer people are dying of Covid-19 in India than in other countries, including several developed nations. The United Kingdom has seen 64 deaths per million population, Italy and US have 55, France has 35, Russia 25, and Brazil has reported 23 deaths per million population during the past seven days, as per global data..
