Safeguarding Commitment : At DFY, we are committed to Safeguarding and Protection of the communities, staff, and other people we work with. We will do everything possible to ensure that only those who can promote a working environment free from abuse or harm to anyone that works with or comes into contact with DFY are recruited. This post is subjected to a range of vetting checks, including a criminal records disclosure. Background and Reference checks will be conducted, and ethics are part of the regular performance appraisals.

About Doctors For You

Doctors For You (DFY) is a registered society, registered under the Societies Registration Act 1860 Section 21 having registration no. F-56886(Mum). DFY is a humanitarian organization from India with international presence and is working in various disaster hit zones for the last 16 years. DFY focuses on providing medical care to the vulnerable communities during crisis and non-crisis situations, emergency medical aid to people affected by natural disaster, conflicts and epidemics. We are also committed to reducing disaster risk to human society by delivering training and capacity development in emergency preparedness and response. The work of DFY is guided by

humanitarian principles of humanity, impartiality, and neutrality. It offers services and assistance to people based on need, irrespective of race, class, caste, religion and gender.

Doctors for You was founded in India in 2007, by doctors, medical students and like-minded people with a vision of "Health for all." Currently, DFY is working on various projects in different states of India involving health professionals, Disaster Management Practitioners, Social Workers and Administrative Staff.

The organization received several awards viz. The SAARC Award (2010), The British Medical Journal Group Award (2009), Golden Ruby Award (2015) and recognition from state governments for its outstanding contribution to the humanitarian field.

Since 2012, our focus has been on Tuberculosis starting with our DOTS providers at primary health centres, and over time, we've evolved to become the leading organization overseeing TB programs across 84 districts in India. Our endeavours have spanned various initiatives including diagnosis, treatment adherence training, capacity building, nutrition programs, and active case finding. With the latest Global Fund Grant, we're set to implement programs targeting drug-resistant tuberculosis, EPTB, and active case finding.
