Preface

The year 2025–26 marked another important chapter in Doctors For You® journey of advancing equitable healthcare and strengthening resilient communities across India. Rooted in the principles of compassion, equity, accountability, and resilience, DFY continued to respond to evolving public health needs with a people-centred approach and an unwavering commitment to the vision of Health for All.

Working across diverse geographies and communities, our efforts extended beyond healthcare delivery to strengthening systems, empowering communities, and fostering sustainable change. Through partnerships, innovation, and community participation, we continued to address critical health challenges while promoting access to quality healthcare for vulnerable and underserved populations.

This annual report reflects the collective efforts of our dedicated teams, partners, volunteers, donors, and communities who have stood with us in our mission. It captures our work across thematic areas including health system strengthening, maternal and child health, communicable and non-communicable diseases, disaster response, skill development, and community-based interventions. It also highlights our continued emphasis on research, capacity building, and collaborative partnerships that have enabled us to create lasting impact.

As we move forward, we remain committed to building stronger health systems and healthier communities through compassion, innovation, and collaboration. Every initiative undertaken by DFY is guided by the belief that access to quality healthcare is a right, not a privilege. Together, we continue our journey towards a healthier, more equitable, and resilient future for all.

Doctors For You®

Executive Summary

DFY continued to bridge healthcare gaps through integrated primary, preventive, curative, emergency, and digital health interventions. During the year, the organization reached over **2.6 lakh beneficiaries through maternal and child health and mobile healthcare programmes**, conducted **69,977 NCD screenings, 125,733 oral, breast, and cervical cancer screenings**, and **15,969 comprehensive** cancer assessments. DFY also monitored **52,772 children and 10,635 pregnant women**, identified **1,678 high-risk pregnancies**, immunized **8,200+ children**, delivered **46,000+ oral healthcare services**, and **saved 278 lives** through emergency and trauma care initiatives.

DFY supported more than **155 health facilities** through health system strengthening, enabling access to quality healthcare for over **15.4 lakh beneficiaries**, while facilitating **18,000+ dialysis sessions**. A major milestone during the year was the establishment of a state-of-the-art **Bone Marrow Transplant (BMT) and Cellular Therapy Facility at the PGICH, Noida**, expanding access to affordable stem cell transplantation for children with cancer, thalassemia, aplastic anaemia, and other rare blood disorders. The centre celebrated the successful completion of **100 Bone Marrow Transplants**, underscoring its growing contribution to advanced paediatric care.

DFY expanded its specialized disease programmes by supporting **212,718 oncology patients** through Cancer Helpdesks, assisting **31,977 rare disease patients**, reaching **334,928 individuals** through cancer awareness initiatives, facilitating **50,262 TB notifications** across **45 districts**, and screening over **7.13 lakh tribal beneficiaries** for tuberculosis in Mandla. Beyond healthcare, DFY strengthened community resilience by supporting **26,000+ people through disaster response**, providing skill development training to **9,478 individuals**, linking **5,644 beneficiaries** to sustainable livelihoods.

Innovation and digital transformation emerged as defining pillars of the year. DFY expanded the use of **AI-enabled portable diagnostic technology** to improve access to rapid diagnostics in underserved communities and developed the **Shrinkhala Digital Health Platform**, enabling secure digital storage and retrieval of patient medical records by registered healthcare providers, ensuring continuity of care and informed clinical decision-making. Simultaneously, DFY introduced **real-time digital dashboards** across multiple projects, significantly reducing paper-based reporting while strengthening programme monitoring, data quality, transparency, and evidence-driven decision-making.

Together, these achievements reflect DFY's continued evolution as a comprehensive public health and humanitarian organization combining clinical excellence, digital innovation, health infrastructure development, humanitarian response, and community empowerment to create sustainable health outcomes and strengthen India's healthcare ecosystem

Message from the Founder

Each year reaffirms our commitment to delivering compassionate, equitable, and accessible healthcare to those who need it most. During 2025–26, Doctors For You® continued to strengthen health systems and expand quality healthcare services through innovation, strategic partnerships, and community-driven interventions. From strengthening hospitals and diagnostics to advancing maternal and child health, cancer care, tuberculosis control, digital health, and emergency response, our efforts have brought hope and improved health outcomes to thousands of vulnerable communities across India.

These achievements have been made possible through the visionary leadership of Dr. Rajat Jain, the dedication of our healthcare professionals and field teams, and the unwavering support of our partners and donors. Together, we have demonstrated that lasting impact is built through collaboration, innovation, and trust.

As we look ahead, we remain committed to strengthening resilient health systems, embracing technology, fostering local leadership, and ensuring that quality healthcare reaches every underserved community. Together, we will continue building a healthier, more equitable, and resilient future for all.

With gratitude and determination,

Dr. Ravikant Singh

Founder, Doctors For You®

Message from the President

As I reflect on 2025–26, I am filled with gratitude and pride for the remarkable progress we have achieved together at Doctors For You®. Healthcare, to us, is not just about treatment it is about strengthening health systems, embracing innovation, and ensuring equitable access to quality care for every individual.

This year marked significant milestones in advancing specialized and technology-driven healthcare. The establishment of the Bone Marrow Transplant (BMT) and Cellular Therapy Facility at PGICH, Noida, and the successful completion of 100 Bone Marrow Transplants, represent a major step towards making advanced paediatric care more accessible. We also accelerated our digital transformation through AI-enabled portable diagnostics, the Shrinkhala Digital Health Platform for secure patient records, and real-time project dashboards, enhancing efficiency, continuity of care, and evidence-based decision-making.

Equally encouraging has been the growing participation of young doctors who are carrying forward DFY's mission of compassionate service and public health leadership. I remain inspired by the dedication of our healthcare professionals, field teams, and volunteers, whose commitment continues to transform lives across the country.

As we look ahead, we remain committed to fostering innovation, strengthening public health systems, building future healthcare leaders, and ensuring that quality healthcare reaches every underserved community.

Dr. Rajat Jain

President, Doctors For You®

Message from the Vice President

It is with immense pride and gratitude that I reflect on the remarkable journey of Doctors For You® during 2025–26. This year has been defined by meaningful growth, impactful partnerships, and an unwavering commitment to ensuring equitable, accessible, and quality healthcare for all.

Our work has strengthened healthcare systems through hospital services, diagnostics, maternal and child health, tuberculosis care, cancer screening, digital health, and community outreach bringing quality healthcare closer to those who need it most. As a professional in Laboratory Medicine and Diagnostics, I strongly believe that timely diagnosis, preventive healthcare, innovation, and evidence-based interventions are essential to improving health outcomes and building resilient communities.

These achievements are a testament to the dedication of our healthcare professionals, volunteers, partners, donors, government agencies, and the communities we serve. Their trust, collaboration, and commitment continue to inspire our mission.

As we move forward, Doctors For You® remains committed to strengthening healthcare systems through innovation, collaboration, and compassion, while upholding our core values of integrity, excellence, and service. Together, we will continue building a healthier and more equitable future for all.

With sincere gratitude and best wishes,

Dr. Praveen Kumar Gupta

Vice President

Doctors For You®

Message from the Secretary

The Annual Report 2025–26 reflects Doctors For You®'s unwavering commitment to delivering equitable, accessible, and quality healthcare while upholding the values of compassion, integrity, and accountability. Throughout the year, DFY strengthened healthcare systems through impactful interventions in hospital services, diagnostics, dialysis, maternal and child health, tuberculosis care, cancer screening, digital health, and community outreach.

As Secretary, I take pride in the organization's continued focus on transparent governance, strong partnerships, and sustainable impact. Our achievements are a testament to the dedication of our healthcare professionals, volunteers, partners, donors, and supporters, whose collective efforts continue to transform lives.

As we look ahead, DFY remains committed to fostering innovation, strengthening collaborations, and building resilient healthcare systems that empower communities and create a healthier, more equitable future for all.

With gratitude and determination.

Mr. Saket Jha

Secretary, Doctors For You®

Message from the Treasurer

The journey of Doctors For You® during 2025–26 reflects the power of collective action and our shared commitment to improving healthcare for underserved communities. Every programme, partnership, and intervention has been driven by the belief that quality healthcare should be accessible to everyone, regardless of their circumstances.

It is inspiring to witness the dedication of our healthcare professionals, volunteers, partners, and supporters who continue to serve with compassion and excellence. Their unwavering commitment has enabled us to strengthen healthcare systems and create meaningful change across the country.

As we look ahead, I am confident that together we will continue to expand our impact, embrace innovation, and build healthier, more resilient communities.

With warm regards,

Dr Nidhi Singh

Treasurer

Doctors For You®

Message from the Member

The achievements highlighted in this Annual Report are a testament to the strength of collaboration. Throughout 2025–26, Doctors For You® has continued to work alongside government agencies, corporate partners, healthcare institutions, and communities to deliver sustainable healthcare solutions where they are needed most.

As a Member of the organization, I am proud to be a part of the team that values integrity, accountability, and service above all else. Our collective efforts have strengthened healthcare access while creating a lasting impact on countless lives.

I extend my heartfelt gratitude to everyone who has contributed to this journey. Together, we will continue advancing our mission of building a more equitable, effective and efficient systems reaching the most vulnerable individuals and communities of the society at large.

With sincere appreciation,

Dr Vineet Maheshwari

Member

Doctors For You®

Message from the Member

At Doctors For You®, every resource entrusted to us represents an opportunity to create meaningful change. During 2025–26, we remained committed to ensuring that our financial resources were managed with integrity, transparency, and efficiency, enabling us to expand healthcare services and reach underserved communities across the country.

Our progress this year reflects the confidence of our donors, partners, and supporters, whose continued trust has strengthened our ability to respond to evolving healthcare needs. By maintaining strong financial systems and responsible governance, we have supported programmes that deliver sustainable impact while ensuring accountability at every step.

I extend my sincere appreciation to all our stakeholders, staff, and volunteers for their unwavering commitment to our mission. As we move forward, we will continue to strengthen our financial foundation and support initiatives that improve lives and build healthier communities.

With warm regards,

Dr. Tanya Seghal

Member

Doctors For You®

Message from the Member

The past year has demonstrated that meaningful healthcare transformation is achieved through innovation, collaboration, and an unwavering commitment to those we serve. During 2025–26, Doctors For You® continued to strengthen healthcare delivery by combining medical expertise with community engagement and sustainable partnerships.

As a Member, I take pride in the organization's continued focus on quality, transparency, and impact. The dedication of our teams, volunteers, donors, and partners has enabled us to respond to evolving healthcare needs while building stronger and more resilient communities.

I look forward to another year of shared purpose as we continue working together to improve health outcomes and ensure that quality healthcare reaches those who need it most.

With warm regards,

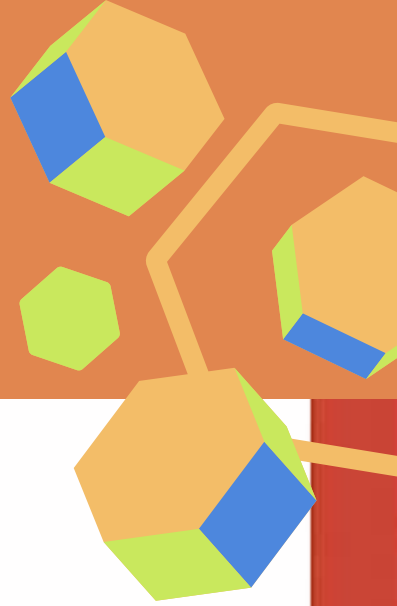

Dr. Naresh Kumar Gupta

- Comprehensive Tribal TB Care Programme (ICMR)

OUR JOURNEY

A journey of compassion, commitment and care that began in **2007**

2007

- DFY began in 2007 in a hostel room at GS Seth and KEM Hospital, Mumbai, when two PG students responded to a dengue and leptospirosis related blood crisis by organizing donation drives.
- A donated computer from one senior became first office setup in hostel room.
- Registered & founded
- Launched Asia's 1st platelet donation & awareness drive in Mumbai

2008

- Bihar Flood Relief work outreached

2009

- Responded to Odisha & Karnataka floods

2010

- Started 1st Urban Health Center with Mumbai Regional Development Authority (MMRDA) for Persons (PAPs) in Govandi, Mumbai
- SAARC Youth Award for Outstanding Contribution to Humanitarian works in the aftermath of Natural Disaster in Bihar

2011

- British Medical Journal (BMJ) Group Award – "Best team in Flood Response in Bihar Category" for the flood response in Bihar
- Gujarat Chief Minister Shri Narendra Modi felicitated DFY for its humanitarian services
- Bihar Foundation Award for Excellence in Social Service
- Rally for health and Auto Rickshaw Rally with doctors from USA to generate awareness on harmful effect of Tobacco

2012

- Kokrajhar Ethnic Clashes response, Assam
- Launched MISP (Minimum Initial Service Package) in Chirang district, Assam for women's health issues during emergencies.
- TISS ASDMA Capacity Building and training programme for "Public Health in Emergencies"

2013

- Uttarakhand flood response along with UNICEF
- Started Mankhurd Health Centre with Mumbai Railway Vikas Corporation (MRVC) for Project Affected People
- Best doctors award by at Star TV Award

2014

- Kashmir Flood Response along with UNICEF
- Assam flood response
- Guwahati Emergency Management Exercises
- Ananya Project in Bihar focused on District Health System Strengthening with support of CARE India

2015

- Nepal earthquake relief work
- Golden Ruby Award, Honored by Ex. President (Dr. A P J Abdul Kalam) for humanitarian relief work across India
- Opened 3rd Maternal & Child Health Center in Mumbai
- Constructed 538 family toilets in Bandipora district, Kashmir with the support of CII
- Started NMBT Health Centre at Masarhi, Bihar supported by Narainidas & Morbai Budhrani Trust

2016

- 2nd Northeast India Women Initiative for Peace (NEIWIP) Award for remarkable work and dedication to women & peace issues in North East India
- Started Nutritional support for MDR TB patients in 5 states across India
- Launched Skill Development Programme & School Led Total Sanitization Programme
- District level Emergency Management activity

2017

- Strengthening Drug-Resistant TB Program in 7 states across India
- Launched Hedavali Health Nutritional Programme
- Started Mahul Health Centre in Mumbai
- Completed 100 heart surgeries for children

2018

- Started Cancer Help Desk programme
- Started Crop Residue Management programme in Punjab & Haryana
- Published Study on association of structural factors & TB in slum rehabilitation in slum rehabilitation in Mumbai.

2019

- Model Anganwadi project with the support of Selco Foundation
- Established Vistex Hospital and started Malnutrition Project
- Fani Cyclone Orissa relief response
- Acute Encephalitis Syndrome Response Muzaffarpur Bihar

2020

- COVID-19 Pandemic Relief Response started in 18 states across India

2021

- Doctors For You® listed among Top 50 NGO's by World Economic Forum
- COVID-19 Vaccination program achieved target of 1 Crore
- CSR BOX award
- Bihar Flood response: Bihar, Kerala, Uttarakhand
- Teleconsultation and Call Centre Support
- Best International NGO Award, Ketto

2022

- ICMR TB Project in tribal district, MP
- Health center in Angul Odisha & Belur West Bengal, Assam, Bangalore
- Uttarakhand and Himachal Flood Response
- 1000 Days Program

2023

- Global Fund Grant for TB Project
- NDTV True Legend Awards & Junoon Awards
- Implemented Ayushman Bharat Digital Mission (ABDM) in 3 states
- Established Disaster Secretariats

2024

- Strengthened over 150 health facilities & enhanced service delivery nationwide
- Launched eIMNCI digital tool in Jharkhand
- ABDM expanded in 7 states
- Disaster response to floods, Heatwaves and landslides benefited over 26,000 people

2025

- Strengthened over 170 health facilities and enhanced service delivery nationwide.
- Launched the Mobile Oral Health Care Unit.
- Implemented PPSA Project across 80 districts in Maharashtra, Uttar Pradesh, Bihar, Delhi, Gurugram and Odisha.
- Recongnized as sampark sarthi from Flipkart Foundation.

2026

- Strengthened over 60 health facilities and enhanced service delivery nationwide.

Health System Strengthening

Strong health systems are the foundation of quality healthcare. However, many public health facilities continue to face challenges such as inadequate infrastructure, limited diagnostic capacity, and shortages of essential medical equipment, affecting timely and effective patient care.

Doctors For You® (DFY) works to strengthen healthcare systems by supporting hospitals and health facilities with critical infrastructure, advanced medical equipment, diagnostic services, and capacity-building initiatives. By collaborating with governments, healthcare institutions, and development partners, we aim to improve service delivery and expand access to quality healthcare for vulnerable populations.

Our commitment goes beyond infrastructure alone it is about building resilient health systems that empower healthcare providers, improve patient outcomes, and ensure equitable healthcare for communities across India.

To strengthen public healthcare infrastructure through the provision of critical diagnostic, surgical, critical care, and specialty medical equipment across government hospitals and health facilities in India.

Key Highlights :

Key Support Areas :

-  Diagnostic Imaging (MRI, Digital Radiography, Ultrasound & X-Ray)
-  Cardiac & Critical Care Equipment
-  Laboratory & Histopathology Infrastructure
-  ICU, Emergency & Trauma Care Support
-  Maternal & Child Health Diagnostics
-  Surgical & Oncology Equipment
-  Primary Healthcare Strengthening

- Support provided to 49 healthcare facilities across 15 states
- Advanced equipment installed in institutions including AIIMS, Medical Colleges, District Hospitals, CHCs and PHCs
- Strengthened diagnostic, surgical, cardiac, oncology, renal care and critical care services
- Improved healthcare access in remote, rural and underserved regions
- Enhanced capacity of public health facilities to deliver specialized healthcare services

To strengthen cancer diagnosis and treatment services by establishing a Histopathology Laboratory and upgrading the Onco-Day Care Centre at Government Medical College, Ramanathapuram.

Key Achievements

- Histopathology Lab Established
- Onco-Day Care Centre Upgraded
- 19 Diagnostic Equipment Installed
- 63 Additional Equipment Provided Staff Capacity Strengthened
- Facility Operationalized & Handed Over

Expected Capacity:

600–700 Patients per month
30 Breast cancer screenings/day
20–25 Cervical cancer screenings/day

Neonatal Respiratory Care Support Programme

To strengthen neonatal respiratory care services through installation of CPAP devices and capacity building of healthcare professionals across government hospitals in India.

Impact Snapshot :

- 13 Government hospitals covered till March 2026.
- A total of 683 hospital staff trained across these hospitals
- CPAP Devices Installed in Neonatal Units
- Pan-India Implementation

Key Interventions :

- CPAP Equipment Installation
- Hospital Infrastructure Strengthening
- Clinical Demonstrations & Hands-on Training
- Capacity Building of Neonatal Care Teams

Boeing India -Healthcare System Strengthening Programme

Total Beneficiaries : 43,448

Key Support Areas :

- Health Centres
- Diagnostic Services
- C Arms
- Dialysis Services
- MCH department Upgradation
- OT upgradation
- Ambulance (2 ALS , 2BLS)

Impact Snapshot :

- Multiple Health Centers & Hospitals Supported
- 10+ States Covered
- 4 Lakh+ Direct Beneficiaries Reached
- Support Across Health Centers, Diagnostics, CT Scan & Dialysis Services

Fiserv -Augmenting Healthcare Support in Public Hospitals

Location : Safdarjung Hospital, Delhi

To strengthen emergency and critical care services through advanced bedside cardiac diagnostic equipment at Safdarjung Hospital, New Delhi.

Key Outcomes :

- Enhanced Cancer Screening
- Improved Patient Monitoring
- Strengthened Cancer Care Infrastructure
- Better Diagnosis & Patient Management

Bringing Renal Care Closer, Doddaballapura -Nasscom

To improve access to affordable and quality renal care through the establishment of a dialysis centre at Doddaballapura Taluk Hospital, Karnataka.

Key Achievements :

- Procurement and delivery of dialysis equipment completed
- Six dialysis units installed at the hospital
- Patient furniture and support equipment provided
- Infrastructure preparation and operational planning initiated
- Coordination completed for service commissioning

Equipment Supported :

- 1 Dialysis Centre Established
- 6 Dialysis Machines
- 6 Multipara Monitors
- 6 Semi-Fowler Beds
- 6 Cardiac Tables
- IT & Patient Support Equipment

Solventum Ambulance Support Initiative – Doddaballapura, Karnataka

Strengthening emergency referral and transportation services through ambulance support for underserved communities.

**1 Ambulance
Deployed**

**20 Patients
Supported**

**1-Year Fuel &
Driver Support**

Key Highlights :

- Emergency and referral transport services
- Adult, pediatric and neonatal patient support
- Government hospital coordination
- Disaster preparedness and mock drill participation

Model PHC Strengthening Initiative by Sattva + Fortis

To strengthen primary healthcare facilities through infrastructure enhancement, equipment support, and service readiness aligned with IPHS standards across selected PHCs, HWCs, UPHCs and DGDs.

Key Interventions :

- Facility Gap Assessment Against IPHS Norms
- Infrastructure & Facility Upgradation
- Essential Medical Equipment Support
- Service Readiness Enhancement
- Strengthening Primary Healthcare Delivery

Facilities Covered :

Delhi

- Meethapur PHC
- Shaheen Bagh SPUHC
- Baprola DGD

Haryana

- Chandralok UPHC
- Bhangrola PHC

Punjab

- Ballomajra HWC
- Mattaur HWC
- Dyalpura HWC
- Nagla HWC
- Singhpura HWC

Strengthening Patient Support System at HBCHRC Muzaffarpur

At Homi Bhabha Cancer Hospital & Research Centre (HBCH&RC), Muzaffarpur deployment, and operationalization of 17 electric patient transport vehicles

The initiative has enhanced patient mobility, improved access to cancer care services, and strengthened referral linkages, particularly benefiting underserved and remote communities.

Items Donated :

- Ambulance Cart
- E-Tourist Vehicle (8-seater)
- E-Tourist Vehicle (12-seater)
- 2S Motion Cart
- 14 Seater E Bus

Dialysis & Critical Care Infrastructure Support IGICH, Bengaluru

To strengthen renal care services and hospital infrastructure at IGICH, Bengaluru through dialysis equipment and patient care infrastructure support.

Impact Snapshot :

- 9 Dialysis Machines Supported
- 10 Patient Beds Provided
- Hospital Infrastructure Strengthened

Key Support Areas :

- Dialysis Service Expansion
- Patient Care Infrastructure
- Hospital Equipment Support
- Renal Care Strengthening
- Service Capacity Enhancement

HOSPITALS AND HEALTH CENTERS

Access to quality healthcare should never depend on where a person lives or what they can afford. Yet, millions of people across India continue to face barriers in accessing timely medical care, diagnostics, emergency services, and specialist consultations. For many vulnerable communities, even basic healthcare remains out of reach.

Recognizing this need, Doctors For You® (DFY) has remained committed to strengthening healthcare systems by establishing community health centres, supporting public hospitals, enhancing diagnostic and dialysis services, and improving critical healthcare infrastructure. Through strategic partnerships and community-focused interventions, we strive to bring essential healthcare services closer to those who need them most.

Our Hospital and Health Centre initiatives reflect a long-term commitment to building resilient health systems that not only respond to immediate healthcare needs but also create sustainable access to quality care for underserved communities across the country.

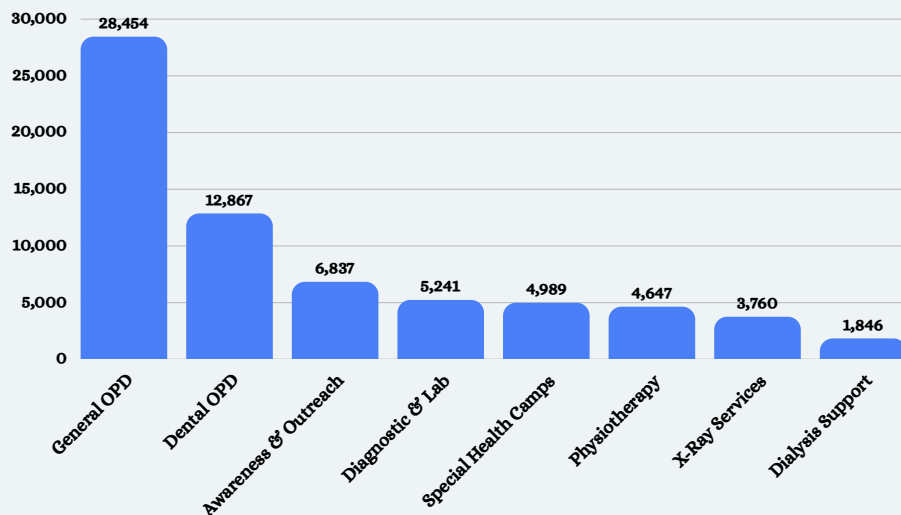

Meena Devi Jindal Charitable Polyclinic, Civil Line, New Delhi

MDJMIRC continued delivering accessible healthcare and diagnostic services through OPD care, dialysis support, outreach camps, and awareness initiatives in partnership with DFY.

Target Achieved

Impact Snapshot

- **80,902 Beneficiaries Reached**
- **28,454 General OPD Consultations**
- **6,837 Outreach Beneficiaries**
- **1,846 Dialysis Sessions**

Vistex Hospital, Masarhi, Patna, Bihar

Vistex Hospital, Masarhi, continued strengthening access to affordable secondary healthcare services for underserved communities in Bihar through emergency care, diagnostics, dialysis support, and surgical preparedness initiatives.

Community-based Primary Health Centre (PHC)/Static Clinic - Dhanarua, Bihar

Indira IVF
Hospital Limited

In Bihar, particularly across economically and geographically vulnerable communities, access to affordable primary and preventive healthcare remains limited. With over 2.1 lakh people residing across 121 villages, communities continue to face challenges such as limited healthcare infrastructure, restricted access to specialist services, rising burden of non-communicable diseases, high out-of-pocket expenditure, long travel distances for treatment, delayed diagnosis, and low preventive health awareness.

SERVICES 2025-26

KPCL Yelahanka Hospital & Devanahalli Health Center, Bangalore

SUPPORTED BY OMS & BOEING

KPCL Yelahanka Hospital and DFY Jan Sehat Clinic, Devanahalli expanded access to primary and occupational healthcare through OPD services, emergency care, specialist consultations, mobile outreach, and preventive health services in Bengaluru and nearby rural communities.

Disaster Management & Emergency Response

Disasters strike without warning, disrupting lives, damaging health systems, and leaving vulnerable communities with limited access to essential healthcare. During such crises, timely medical assistance, emergency preparedness, and coordinated humanitarian response become critical to saving lives and supporting recovery.

Doctors For You® (DFY) has consistently stood alongside communities affected by natural disasters, public health emergencies, and humanitarian crises. Our disaster response initiatives combine rapid medical relief with long-term recovery, strengthening community resilience through preparedness, psychosocial support, capacity building, and health system strengthening.

Driven by the belief that every life deserves timely care in moments of greatest need, DFY continues to work towards building safer, healthier, and more resilient communities capable of responding to future emergencies with confidence and dignity.

- Community-based follow-up and counselling support activities undertaken

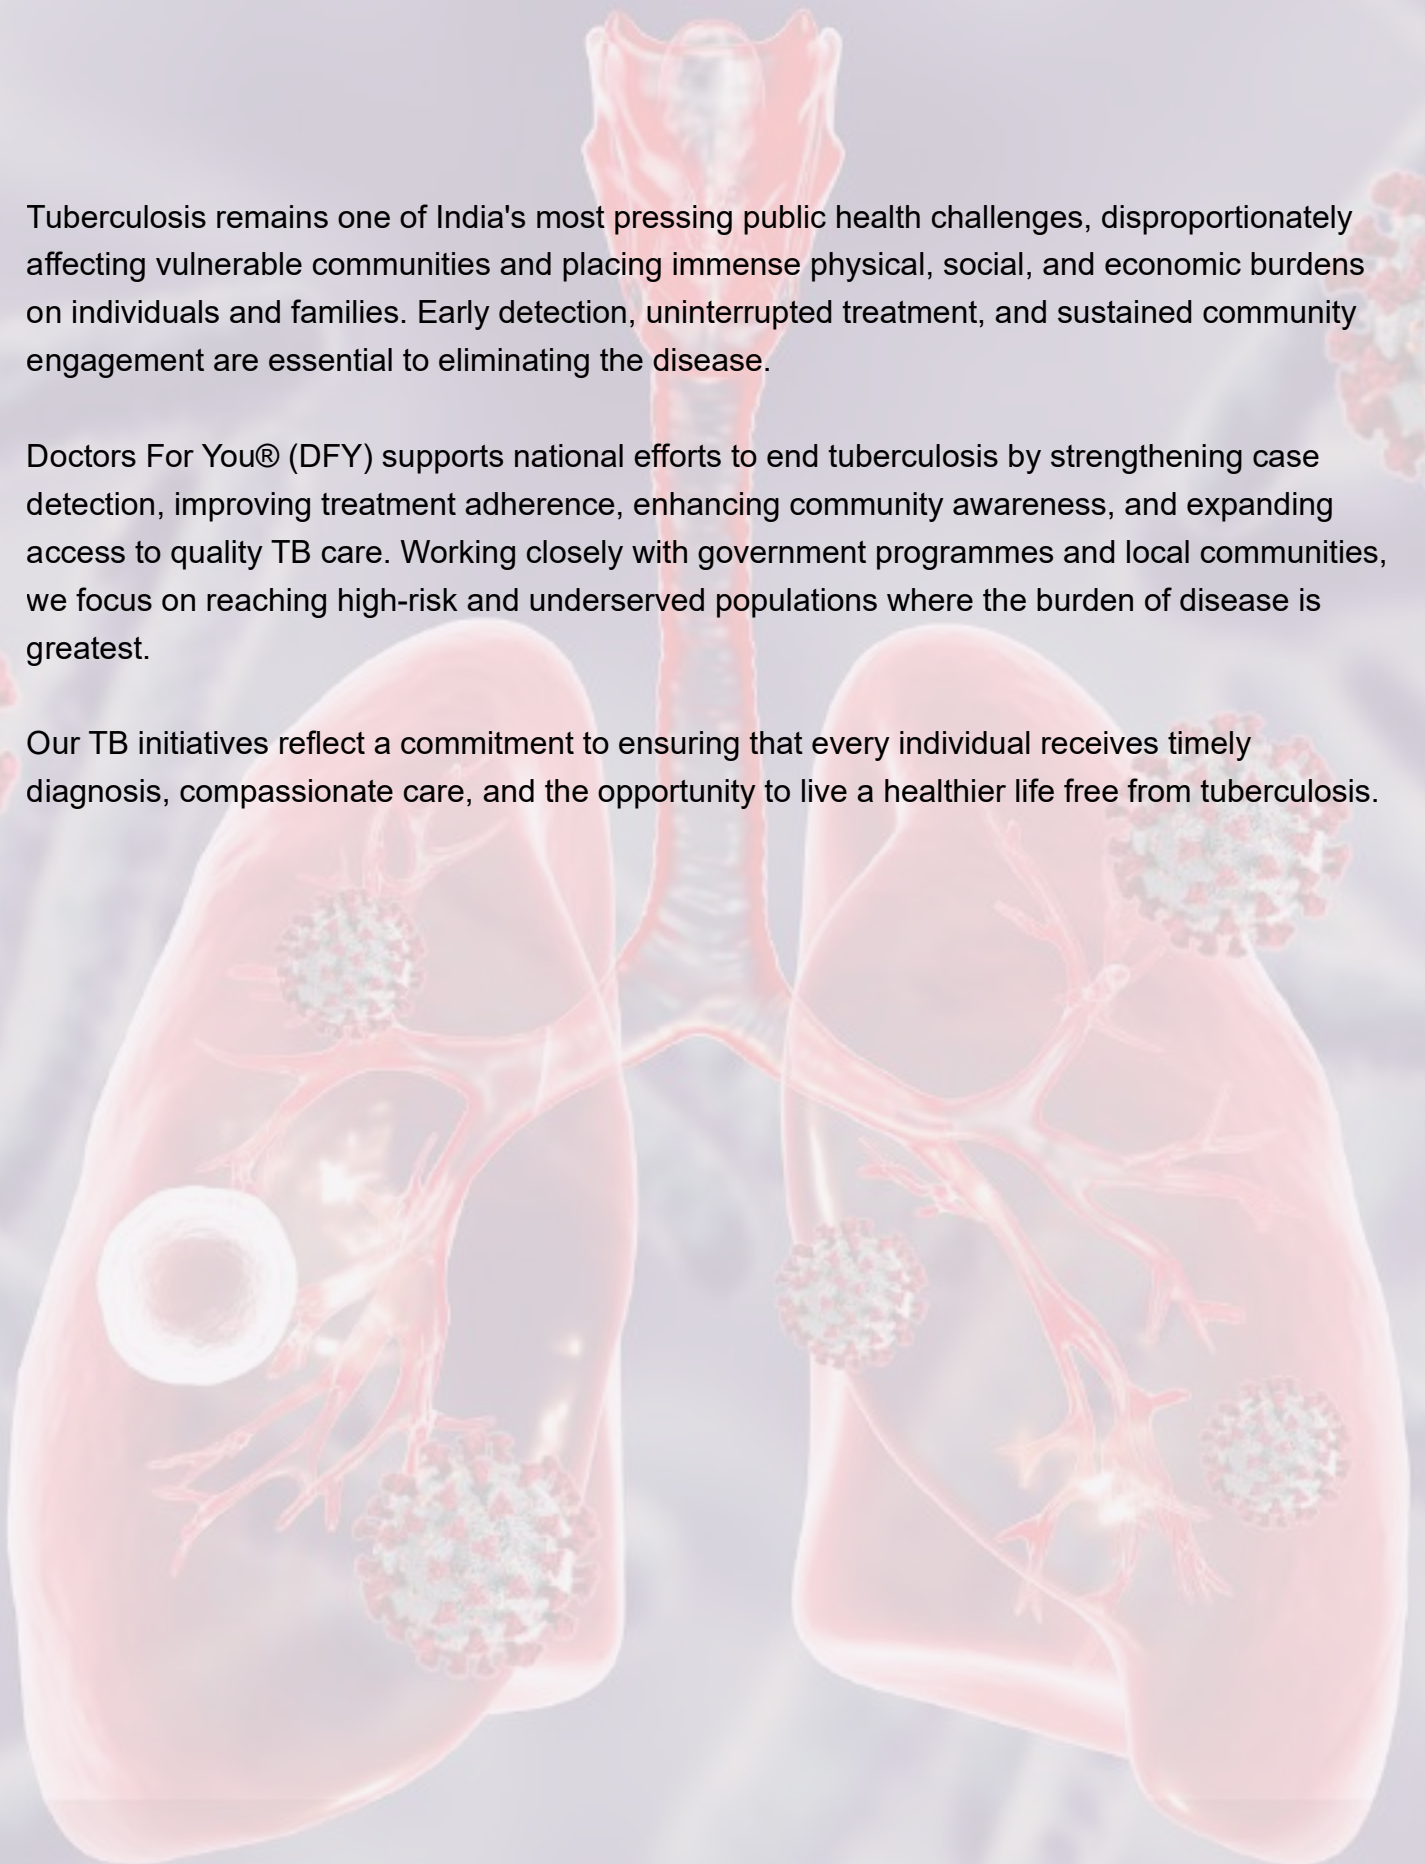

Tuberculosis Projects

Tuberculosis remains one of India's most pressing public health challenges, disproportionately affecting vulnerable communities and placing immense physical, social, and economic burdens on individuals and families. Early detection, uninterrupted treatment, and sustained community engagement are essential to eliminating the disease.

Doctors For You® (DFY) supports national efforts to end tuberculosis by strengthening case detection, improving treatment adherence, enhancing community awareness, and expanding access to quality TB care. Working closely with government programmes and local communities, we focus on reaching high-risk and underserved populations where the burden of disease is greatest.

Our TB initiatives reflect a commitment to ensuring that every individual receives timely diagnosis, compassionate care, and the opportunity to live a healthier life free from tuberculosis.

Patient Provider Support Agency (PPSA)

Strengthening tuberculosis care through private sector engagement, early diagnosis, case notification, treatment adherence, and patient support under the NTEP across Bihar, Uttar Pradesh, Odisha, Haryana and Maharashtra.

- Pre-treatment evaluation and diagnostic investigations
- Regular follow-up and adverse drug reaction monitoring
- Coordination with TB units and Nikshay reporting

Comprehensive Tribal TB Care Programme, ICMR

Comprehensive Tribal TB Care Programme, supported by ICMR, strengthened decentralised TB services in Mandla district, Madhya Pradesh through community-based screening, diagnosis, treatment linkage, and contact tracing among tribal communities.

Programme Snapshot :

- Coverage: Reached 1,255 villages with a population of 9.5 lakh, including 6.06 lakh Tribal beneficiaries.
- TB Screening: Identified and screened 32,887 presumptive TB cases; 292 TB cases diagnosed (0.9% positivity).
- Population Distribution: 23,597 (71.8%) presumptive cases were from Tribal communities and 9,290 (28.2%) from Non-Tribal communities.
- TB Positivity: Tribal – 0.9% vs Non-Tribal – 0.8%, indicating a slightly higher burden among Tribal populations.
- Chest X-ray: Conducted 17,705 chest X-rays, resulting in 144 clinically diagnosed TB cases (0.8% yield), with similar diagnosis rates in both Tribal and Non-Tribal groups.
- NAAT Testing: 7,868 individuals underwent NAAT, with 152 positive cases (1.9% positivity).
- NAAT Positivity: Tribal – 2.0% vs Non-Tribal – 1.8%, highlighting the importance of targeted molecular testing in high-risk Tribal communities.

Cancer Projects

A cancer diagnosis often brings far more than a medical challenge. It places emotional, financial, and social burdens on patients and their families. Delayed diagnosis, limited awareness, and difficulties in navigating treatment continue to prevent many individuals from receiving timely care.

Doctors For You® (DFY) works to bridge these gaps by strengthening cancer awareness, promoting early screening, supporting patient navigation, and improving access to treatment through partnerships with healthcare institutions across the country. Our initiatives focus on ensuring that no individual is denied quality cancer care because of limited resources or lack of information.

Through compassionate support and collaborative action, DFY strives to improve treatment access, encourage early detection, and bring hope to individuals and families throughout their cancer care journey.

Supported by Pfizer and implemented by Doctors For You®, the project strengthens patient-centred cancer care by providing dedicated patient navigation, counselling, helpline services, referral coordination, and treatment support. The initiative guides patients and caregivers through every stage of the care continuum from diagnosis and treatment to rehabilitation and follow-up reducing treatment delays while improving access to timely, affordable, and quality healthcare services.

Reach & Impact :

- 15 Cancer Helpdesks established
- 212,718 oncology patients registered and supported
- Through these structured interventions, Project Aastha has significantly improved patient navigation, reduced treatment delays, and enhanced access to available care and welfare support systems.

- Early detection of hypertension, diabetes, and oral, breast & cervical cancers
- Capacity building of frontline healthcare workforce
- Strengthened referral and patient follow-up mechanisms
- Close collaboration with the State NCD Cell, NHM & District Health Authorities
- Community awareness and health promotion on NCD prevention
- Strengthened public health systems through integrated screening services

AAHR Mammography Camp

A breast cancer awareness and mammography screening initiative was conducted at Army Hospital (R&R), Delhi Cantonment, to promote early detection, preventive healthcare, and timely screening among women.

Impact Overview :

- **171** Women Reached
- **150** Awareness Participants
- **160** Pre-Screenings
- **40** Mammography Referrals
- **36** Mammograms Completed

Intervention Highlights :

- Breast Cancer Awareness Sessions
- Clinical Breast Examinations (CBE)
- Mammography Screening
- Pre-Screening Risk Assessment
- Health Education & Self-Examination Training

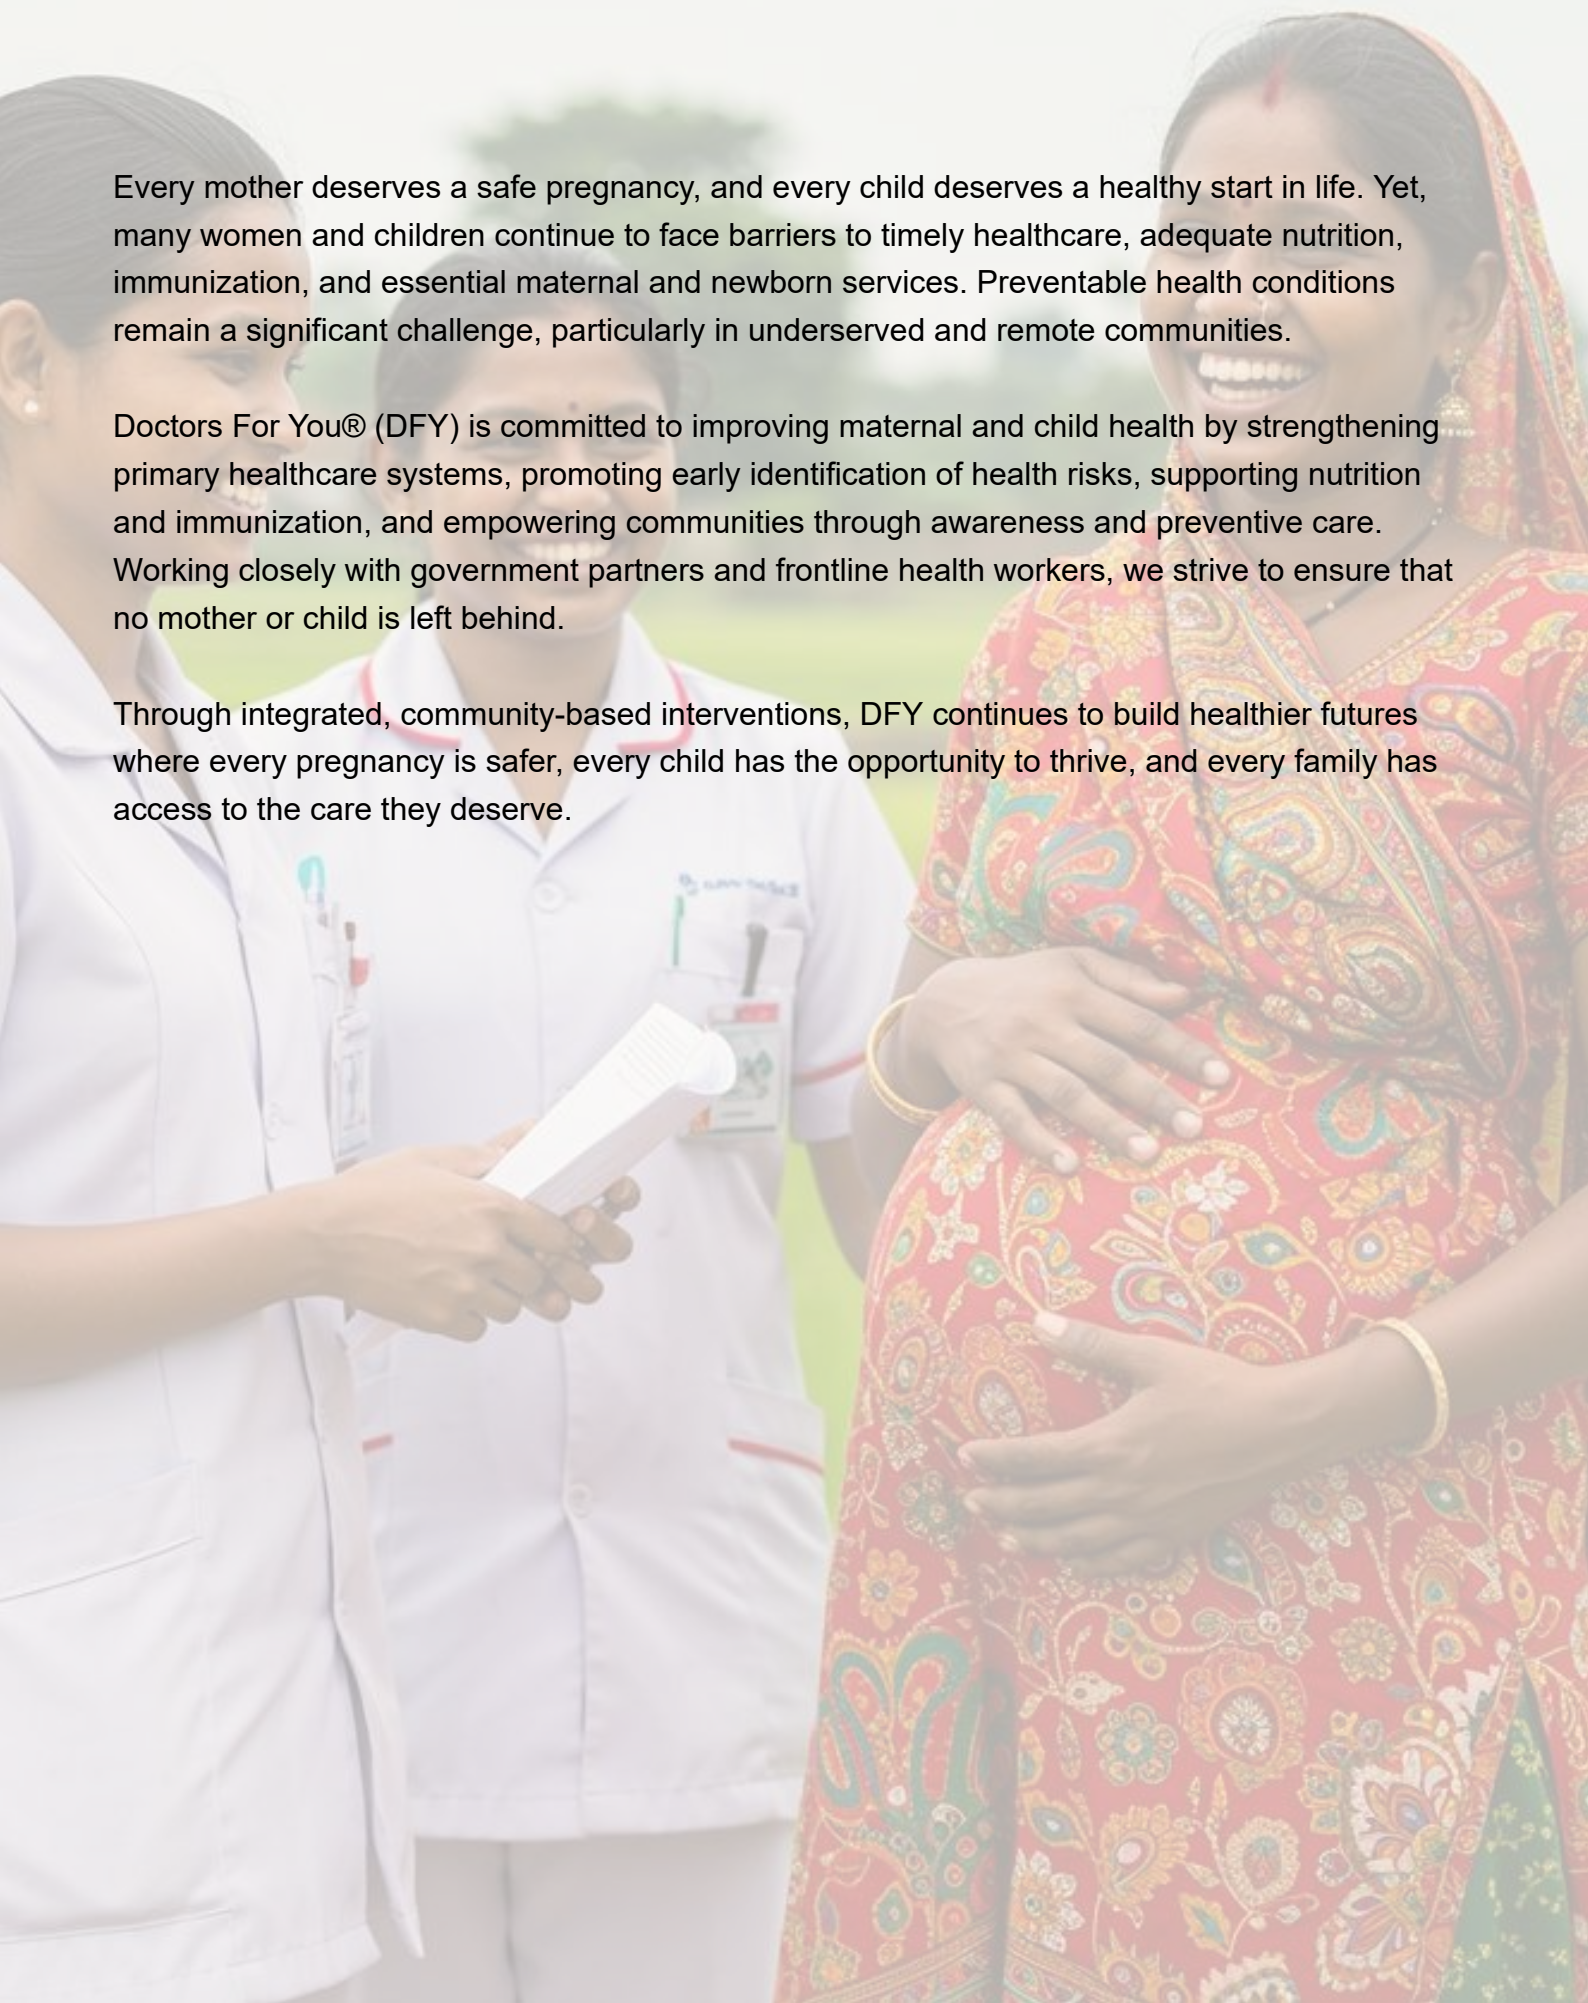

Maternal and Child Health Services

Every mother deserves a safe pregnancy, and every child deserves a healthy start in life. Yet, many women and children continue to face barriers to timely healthcare, adequate nutrition, immunization, and essential maternal and newborn services. Preventable health conditions remain a significant challenge, particularly in underserved and remote communities.

Doctors For You® (DFY) is committed to improving maternal and child health by strengthening primary healthcare systems, promoting early identification of health risks, supporting nutrition and immunization, and empowering communities through awareness and preventive care. Working closely with government partners and frontline health workers, we strive to ensure that no mother or child is left behind.

Through integrated, community-based interventions, DFY continues to build healthier futures where every pregnancy is safer, every child has the opportunity to thrive, and every family has access to the care they deserve.

Boosting Demand for Routine Immunization and Reducing Zero-Dose Children

Doctors For You® (DFY), in partnership with municipal health systems and supported by UNICEF–GAVI, implemented community-based immunization initiatives across Mumbai and Pune to identify zero-dose children, strengthen vaccine confidence, and improve access to routine immunization services among vulnerable urban populations.

Major Activities :

- Social mapping and identification of high-risk urban settlements
- Identification and tracking of zero-dose and dropout children
- House-to-house visits and community counselling sessions
- Linkage of children with routine immunization services
- Community meetings, mothers' meetings, and fathers' engagement sessions
- Street plays and awareness activities on routine immunization
- Engagement of ASHAs, faith leaders, and local influencers
- Capacity building and supportive supervision of frontline workers
- Strengthening community linkages with UPHCs and municipal health systems
- Support in microplanning and routine immunization session coordination

- ✓ Growth monitoring
- ✓ IYCF counselling
- ✓ Vitamin A & deworming
- ✓ WASH awareness
- ✓ FLW capacity building
- ✓ Govt health linkages

Medical Mobile Units

For many remote and underserved communities, accessing a healthcare facility often means travelling long distances or delaying treatment until conditions become severe. Mobile healthcare bridges this gap by taking essential health services directly to the people who need them most.

Doctors For You® (DFY) operates Medical Mobile Units to deliver primary healthcare, preventive screenings, diagnostics, medicines, and health education at the community level. These mobile services ensure that vulnerable populations receive timely medical attention without the barriers of distance, cost, or limited healthcare infrastructure.

By bringing healthcare closer to people's doorsteps, DFY continues to improve early detection, promote preventive care, and strengthen community health, ensuring that quality healthcare remains accessible to every individual.

SBI Sanjeevani Clinic on Wheels, Punjab

Integrated Health & Skill Development Programs

Health and livelihoods are deeply connected. Stronger communities are built not only through access to healthcare, but also by creating opportunities for individuals to develop skills, improve livelihoods, and adopt healthier, more sustainable lifestyles.

Doctors For You® (DFY) implements integrated programmes that combine health promotion, skill development, environmental sustainability, and community empowerment. From vocational training and hygiene initiatives to innovative circular economy models, these programmes help individuals build healthier lives while strengthening the social and economic well-being of their communities.

By empowering people with knowledge, skills, and opportunities, DFY continues to foster resilient communities capable of creating lasting and meaningful change.

SDG 10

GARINA

Key Highlights :

- Five day Practical skill training conducted
- NSDC certification facilitated
- Placement support and employer linkages
- Post-placement follow-up conducted
- Pan-India implementation through DFY teams

Linens For Life

Linens For Life is a sustainability and livelihood initiative that promotes environmental conservation through textile upcycling and community support.

Programme Snapshot :

- 8,536 kg linen collected through 22 drives
- 2,941 kg upcycled; 5,595 kg under processing
- Products supported community programmes and kit distribution
- Promoted circular economy and sustainable livelihoods
- Advanced community empowerment through textile reuse

Plastic Shred Initiative

Plastic Shreds is a sustainability initiative promoting responsible plastic waste management and circular economy practices through recycling and reuse.

Programme Snapshot :

- 1,566.27 kg plastic waste collected across partner hotels
- Plastic waste processed into reusable and prototype products
- Promoted recycling and circular economy practices
- Conducted hotel engagement and sustainability awareness activities
- Encouraged responsible waste management within the hospitality sector

Soap For Hope

Doctors For You® (DFY), with support from Diversey, implemented the Soap For Hope initiative to recycle used hotel soaps into new soap bars and promote hand hygiene in underserved communities.

12036 Kgs

Soaps Received

106995

Soaps Produced

446

Soaps Distributed

Key Highlights :

- Recycled discarded hotel soaps into usable hygiene products.
- Improved access to soap for underserved communities.
- Promoted hand hygiene and WASH awareness.
- Supported sustainable waste management through soap recycling.
- Advanced circular economy practices through resource recovery.

Ayushman Bharat Card Programme

HCL Foundation

Ayushman Bharat activities focused on beneficiary outreach, telephonic follow-up, and facilitating access to health insurance services through card enrolment support and awareness.

Program Snapshot :

- 49,109 beneficiaries contacted through outreach calls
- 15,682 calls successfully connected
- 2,127 beneficiaries approached for Ayushman card enrolment
- 1,763 Ayushman cards facilitated
- Improved awareness and access to health insurance services

Government Hospital HR & Service Support Programme

HCL Foundation

Supporting government hospitals through dedicated human resource deployment and strengthening access to quality healthcare services and emergency care.

GIMS HIMS Support & HR Support :

- 446,528 beneficiaries served
- Strengthened hospital operations through HR support
- Enhanced emergency and essential healthcare services
- Improved continuity and quality of patient care

LNH HR Support :

- 98,101 patients supported
- Strengthened service delivery through HR deployment
- Enhanced patient care and hospital preparedness
- Improved access to quality healthcare services

Others

FUSION: Flood Resilience and NCD Care Initiative

FUSION aims to strengthen climate-resilient healthcare systems and improve continuity of NCD care during floods through research, community engagement, and disaster preparedness initiatives in Bihar.

Programme Snapshot :

- Community engagement activities conducted across 26 study clusters
- 200+ community members and local leaders engaged
- Situation analysis completed in flood-affected districts of Bihar
- Stakeholder workshops and national consultations conducted
- Interventions co-designed to strengthen NCD care and flood preparedness
- c-RCT protocol registered and baseline tools developed for implementation.

Menstrual Hygiene Vending Machine Initiative at AIIMS

Doctors For You® (DFY) improved menstrual hygiene access at AIIMS through sanitary pad vending machines, ensuring convenient and dignified menstrual care for women.

55

Vending Machines

995

Testimonials

We sincerely thank Doctors For You® (DFY) for the valuable support extended to Arignar Anna Cancer Hospital through the AASTHA Helpdesk initiative under the CSR support of Pfizer. The dedicated support provided across the Surgical, Radiation, Medical, and Gynecological Oncology departments has greatly benefited our patients. Services such as patient navigation, counseling, awareness activities, and logistical assistance including accommodation, travel, and treatment support have made a meaningful impact on patient care. We appreciate DFY's continued efforts in supporting cancer hospitals across India and acknowledge the importance of these services in strengthening healthcare accessibility. We extend our consent and request for the continuation of this partnership, as the support remains highly beneficial for our patients and hospital services. Thank you for your continued commitment towards accessible and compassionate cancer care.

Dr. K. Saravanan
Director
Arignar Anna Cancer Hospital

I would like to extend my sincere appreciation to the Doctors For You® (DFY) team for the collaborative efforts being demonstrated during the 100 Days Campaign 2.0 under the National TB Elimination Programme (NTEP). The joint efforts of the NTEP team and the DFY team under the ICMR project (Comprehensive Tribal TB Management Program for Decentralized TB Care Services) at CRPF Camp, Mandla, are significantly strengthening TB screening and diagnostic services. The use of AI-enabled X-ray screening, along with sample testing, is ensuring timely identification and confirmation of TB cases, thereby contributing to improved case detection and overall program effectiveness. These efforts reflect strong coordination, teamwork, and shared commitment between NTEP and DFY teams at all levels. The seamless integration of field activities and diagnostic support is playing an instrumental role in enhancing the overall impact of the campaign. Such collaborative efforts are critical to accelerating progress towards TB elimination, and we truly value the dedication and partnership demonstrated throughout the campaign.

Yours sincerely,
Dr. Sumit Singhour
District Tuberculosis Officer
District TB Center, Mandla (M.P.)

Testimonials

Collaborating with Doctors For You® (DFY) has been a deeply fulfilling experience for our organization. DFY has consistently demonstrated an unwavering commitment to bringing quality healthcare to those who need it most. From disaster relief to long-term community health initiatives, their approach combines medical expertise, innovation, and compassion, ensuring lasting impact.

The Aastha Helpdesk, a CSR initiative of Pfizer and implemented by Doctors For You®, is one area where DFY's work has truly stood out. We have seen firsthand how The Aastha Helpdesk, a CSR initiative of Pfizer and implemented by Doctors For You®, guides patients and families through the often-overwhelming journey of cancer diagnosis and treatment. By providing counselling on chemotherapy side effects, psychosocial support, and assistance in accessing financial aid, DFY empowers patients to continue their treatment with confidence and dignity. Their team's dedication to bridging the gap between medical care and patient preparedness has transformed countless lives. DFY's efforts go beyond treatment they focus on building awareness, improving early detection, and ensuring equitable access to cancer therapies, especially for economically disadvantaged patients. Their model of holistic patient navigation reflects a deep understanding of the emotional, physical, and financial challenges faced by cancer patients and their caregivers.

Working with DFY has reinforced our belief in partnerships that truly change lives. Their professionalism, transparency, and compassionate approach make them an invaluable ally in our shared mission to make healthcare accessible for all. We are proud to stand alongside DFY and look forward to continuing our collaboration in driving positive change.

Dr. Smita Kayal
Additional Professor & Head
Department of Medical Oncology
JIPMER, Puducherry

We sincerely appreciate the support provided by Doctors For You® (DFY) through the AASTHA Helpdesk Program, supported under Pfizer's CSR initiative.

The helpdesk has significantly assisted our patients through guidance, counseling, treatment coordination, and support services, thereby improving their overall care experience. The dedication and compassionate efforts of the DFY team have been highly valued by both patients and hospital staff.

In view of the positive impact of the program, we support and recommend the continuation of the AASTHA Helpdesk at our institution for the benefit of cancer patients.

We thank DFY and Pfizer for their continued commitment to patient-centered cancer care.

Sincerely,
Dr. Alexander John
Professor & Head, Department of Oncology
Cancer Institute (WIA), Adyar, Chennai

Testimonials

On behalf of Associated Hospital, Government Medical College, Kathua, we sincerely thank HDFC Bank Parivartan for its valuable support. The medical equipment provided through its CSR initiative has strengthened our healthcare services and improved patient care. We also appreciate Doctors For You® (DFY) organization for successfully implementing this project.

Dr. Neeraj Nagpal (MBBS, PGDPM)
I/C Medical Superintendent
Associated Hospital, Government Medical College, Kathua (J&K)

Our sincere thanks and gratitude to the sponsors of our hospital facility. HDFC Bank and Doctors For You® (DFY) have played a significant role in strengthening our healthcare services through their valuable support.

Our Government District Headquarters Hospital, Thiruvapur, Tamil Nadu, is the major government healthcare facility in the district, with no comparable private hospital available.

We cater to approximately 2,000 to 3,000 outpatients every day, with a bed strength of 450, and conduct around 500 deliveries every month.

With this support, nearly 20,000 patients will benefit from improved healthcare services. We sincerely appreciate HDFC Bank CSR and Doctors For You® (DFY) for making this meaningful impact possible. Thank you.

Dr. Shivkumar
Chief Medical Officer
Government District Headquarters Hospital, Thiruvapur, Tamil Nadu

Around 20,000 patients will benefit from improved healthcare services. We sincerely appreciate HDFC Bank CSR for making this meaningful impact possible. Thank you.

Dr. Mohammad Shafi, MS, DNB (Urology)
Consultant Surgeon & Urologist
JLNM Hospital, Rainawari, Srinagar

At Indira IVF Hospital Limited, we believe that good health is the foundation of empowered communities and sustainable social development. Guided by this belief, our CSR-supported Static Clinic/OPD at Dhanarua, Patna, Bihar, is helping bridge critical healthcare gaps by bringing essential healthcare services closer to underserved people covering around 121 villages with a population of over 2.1 lakh. Through this initiative, we aim to reach ~22,200 direct and 111,000 indirect beneficiaries.

We appreciate Doctors For You® for their dedicated service to underserved communities.
